

# Climate Ambition Accelerator 2022

CLIMATE  
AMBITION  
ACCELERATOR

**THE WORLD IS MOVING TO  
NET-ZERO. IS YOUR COMPANY  
READY TO MAKE THE  
TRANSITION?**

[#ClimateAmbition](#)

**GET STARTED** ▶

A six-month learning programme:

- To equip more companies with the knowledge and skills they need to set science-based targets
- To scale-up credible climate action across companies of all sizes, sectors and regions through our Local Networks
- Global best practices, peer-to-peer learning opportunities, capacity building sessions and on-demand training.

# ABOUT THE ACCELERATOR

Through the **Global Compact Local Networks** around the world, participating companies will gain access to **global best practices, peer-to-peer learning opportunities, capacity building sessions and on-demand training.**

The **Climate Ambition Accelerator** aims to scale-up **credible climate action** across companies of all sizes, sectors and regions, enabling them to deliver on **meaningful commitments** to reduce emissions at scale.

## Outcomes:

- Gain a clear understanding of the Science Based Targets Initiative (SBTi) and the net-zero concept
- Learn how to motivate investors, corporate leadership, employees and shareholders to set and meet Science Based Targets
- Hear from peers and share insights in group sessions
- Take advantage of on-demand learning sessions that enables you to work at your own pace
- Get access to industry experts and networking opportunities
- Benefit from local delivery combined with global insights and best practices

**Our new Climate Ambition Accelerator enables more companies in our Local Networks to join the transition to a net-zero future and get started in setting ambitious, credible science-based targets.**

# CAA PARTICIPANTS

## Company representatives:

- All participating companies are asked to nominate two representatives (one primary and one alternate representative). **Only one representative is expected to join the live sessions.**
- Ideally, the representative will be responsible for **GHG emissions accounting, management and/or reporting.**
- Participants are required to **complete online on-demand sessions and attend the live sessions.**
- **Certificates are available upon completion of the programme.**

## Time commitment:

- In total, participants should plan to dedicate **25 to 30 hours** to the Climate Ambition Accelerator over six months.
- On average, participants may expect around **nine hours of self-learning on-demand content and 12 hours of facilitated group sessions.**

# SESSIONS AND PROGRAMME STRUCTURE

# MODULES AND CONTENT

## FOUNDATIONS

Take a deep dive into the methodology and approach of science-based targets (SBT) setting, from the basics to in-depth discussions about the net-zero concept for advanced stakeholders.

GHG + SBTi

## BUSINESS CASE

Drive climate change ambition internally and build internal buy-in and engagement for climate action at the management and board level.

SBTi

## IMPLEMENTATION

Learn how to manage greenhouse gas emissions and implement different emission reduction strategies to meet ambitious targets.

GHG

# MODULES AND CONTENT

**Self-learning (on demand)** Academy-style courses, materials and resources

**FS** Facilitated sessions, technical, SBTi/WSP support

**P2P** Peer-learning sessions, group discussion and reflection

Modules and Activities:

## Module 1 - FOUNDATIONS | GHG Accounting and SBTi Basics

- a. **Self-learning** (*Optional*) GHG Basics: Scope 1, 2 and 3, direct and indirect emissions
- b. **Self-learning** Scope 3 overview: categories, tools, supplier engagement
- c. **FS WSP** Scope 1, 2 and 3 emissions, Q&A
- d. **Self-learning** (*Optional*) SBT & SMEs: SME methodology
- e. **Self-learning** Introduction to SBTi: SBTi deep dive, methodologies, tools, criteria
- f. **Self-learning** SBTi: Net Zero Standard **(NEW)**
- g. **FS SBTi** SBTi, Net Zero, Q&A

# MODULES AND CONTENT

**Self-learning (on demand)** Academy-style courses, materials and resources

**FS** Facilitated sessions, technical, SBTi/WSP support

**P2P** Peer-learning sessions, group discussion and reflection

Modules and Activities:

Module 2 - BUSINESS CASE | Driving internal climate change ambition, management and board-level buy-in

- a. **Self-learning** SBTi Business Case: Rationale, KPIs and milestones
- b. **Self-learning** Corporate Case Studies: Companies taking action towards SBTs **(NEW)**
- c. **P2P** or **FS SBTi** Practical exercise (TBC) **(NEW)**
- d. **P2P** or **FS WSP** Practical exercise (TBC) **(NEW)**
- e. **P2P** Group reflection: sustainable finance, sustainable procurement, local/regional examples

# MODULES AND CONTENT

**Self-learning (on demand)** Academy-style courses, materials and resources

**FS** Facilitated sessions, technical, SBTi/WSP support

**P2P** Peer-learning sessions, group discussion and reflection

Modules and Activities:

Module 3 - IMPLEMENTATION | How to do it?

- a. **Self-learning** Scope 1 & 2: managing your global emissions, from low hanging fruits to advanced initiatives
- b. **Self-learning** Scope 3: Emissions across the value chain
- c. **FS WSP** Managing scopes 1, 2 and 3: emissions reduction activities
